

We are running two year integrated programme affiliated to Sardar Patel University Vallabh Vidhyanagar. Practicum and theoretical studies are included in syllabus. Outcomes regarding affected sub points are mention below accordingly.

PRACTICUM OUTCOMES:

Student teachers improve their confidence by presentation of the content before trainees and discuss their lacking points during presentations. Student teachers established rapport with the secondary school students and school education.

Theoretical outcomes:

Student teachers improve their subject knowledge like Psychology, knowledge curriculum, about SELF, learning and teaching process and aware themselves by activities regarding Environment. By studying various subjects and their assignments student teachers can improve their knowledge of the subjects.

Assessments outcomes:

Through participating in activities regarding curricular and co curricular student teachers can be assessed as their performance and quality as a teacher. By theory and practical assessment content presentations and their thinking about subjects are measured. Consistent students are bifurcated and slow learners are identified through assessment.
