

We are preparing teachers of tomorrow with expanding and following vision and mission of our institute. Future perspective teacher desired specific skills like leadership, good governance, management and their own creativity. Values only can be imparted through curriculum transition and activities. From the beginning introduction of the subject and practicum institute aware student teachers for inculcation of values in teaching and activities. Student teacher performs their role in the school with training obtained from the institute throughout year.

Celebration of guru-purnima and teachers day in institute imparts respect value in student teachers so they can infect among school children.

To enhance individual and group creativity of the student teacher institute arrange competitions like Rakhi making, Rangoli on national- cultural issues, black board writing and patriotic songs.

Creative and personal skill oriented student teachers are trained to perform university level in youth festival.

Student teachers perform drama on school subject content and cultural rituals of our country in front of peer-learners and as well as school students.
